# SUMMATION 2017/18

## EKPHRASTIC ANTHOLOGY

### **About the EAP:**

We are a 501(c)(3) non-profit arts agency established in December 1995. The Escondido Arts Partnership Municipal Gallery (EAPMG) provides a destination for visitors in downtown Escondido and is home to over 400 local artists. We offer free ongoing arts education, monthly exhibitions with free entry, and performance space to approx. 2000 visitors a month and operate a California State Certified Farmer's market.

### **About Summation:**

Summation celebrates the artist's vision, journey and process for the year. As this book will attest, the exhibition consistently features some of the finest works of art produced by local, as well as southern California at large, regional artists.

### **About Poets INC:**

We are a literary series hosted by the EAP monthly on the first Sunday and hosted by Robt O'Sullivan Schleith (with invaluable assistance from Barbara Deming) since 2007. The first hour is often a featured author or two from the southern California area, followed by an open mic for all attendees during the second hour. Find us online at [Facebook.com/PoetsInlandNorthCounty/](https://www.facebook.com/PoetsInlandNorthCounty/)

### **About the work in this book:**

All of the artists within, both graphic & literary, are copyright-protected for the work contributed here © 2018
